

United States Senate

733 THIRD AVENUE
NEW YORK, NY 10017

February 3, 1987

Dear Mr. Mohtashemi:

It has been a long tradition and Congressional courtesy to refer correspondence from another state to one of the Senators from that state. This gives each member of Congress the opportunity to be of service to the constituents they directly serve.

For this reason, I am sure you understand why I am forwarding your correspondence to Senator Bill Bradley from your state, adding my hope that the matter can be resolved to your satisfaction as soon as possible.

Sincerely,

Daniel Patrick Moynihan
