Mr. Joe Turner
Time Magazine
7535 Ingleside Avenue
Chicago, IL

Dear Time Magazine & Mr. Turner:

Thank you for your calling me last night. If you remember, we talked about my subscription renewal of Time Magazine, as well as my Bibliography and my experience with God.

I trust you also consider your call to me a Serendipity of Grace. (The gift of finding agreeable and valuable things not sought for). So I deliver herewith, many important information for you, as I move ahead myself for achieving further success in my goal of achieving peace, prosperity and happiness for all the people of the world harmoniously as God desires. I hope you too take this letter seriously and don't fail to appreciate the values of very important events and information that I am giving you. I expect you to understand them and use them in the proper way for dignity and humanity, and also for the success of your profession. If you do so, you may be sure that you have won a Lottery. If you can not use this information in a proper way, you may return them to me intact or you may direct them to Otto Friedrich, c/o Time, Inc., Rockefeller Center, NY. (See enclosed envelope).

Here I would like to remind you again that the Time Magazine is item #4 of my bibliographies among many items and names and ideas which compose my five volumes of bibliography booklets. These are the bibliography of people, books and ideas that are used to establish my theories. Time Magazine also is a part of the centerpiece of my "map of success" that I have designed as the symbol of my work and success for providing peace and prosperity for the world. These indicate the importance of Time Magazine in my ideas the respect that I have for it.

After completing this letter and mailing my letters and other materials to you, I will start on working to write letters for 20 newspapers and magazines in Iran. I am planning to notify them of my inspiration by God, my mission, my plan and my theories for making Peace in the world. Also I am going to congratulate them that their long expecting Messianic Mehdi will appear soon to rule the world with justice (see Time: 8/17/87 pg.26) I expect them to believe me, to listen to me and to support me to make peace. A real peace that benefits all the world harmoniously, especially Iran and The United States, (The detail of my plan will be revealed in the future).

Following completion of those letters in the next few days, I will report the updated information to Senator William Bradley, our Senator from New Jersey. Then I have to summarize and write down the theory of life, nature, existence and evolution in order to make them available for Dr. E. Mark Stern, of New York City within a few weeks. My

following steps in the overall plan may vary widely and depends upon the feedback of my current activities.

Dear Mr. Turner: Enclosed is an envelope containing a letter that I wrote to send to the President of the American Medical Association. I decided not to send it to him because Dr. E. Mark Stern, became very upset and angry after he read it. He said to me that people may think that you are out of your mind if they read this letter. He was referring to the remark I had made in regard to Ayatollah Khomeini (pg. 11 of letter). However, now I decide to send the letter to you because of the following reasons:

- 1) I think you may be fair enough to protect me (don't publish it at this time, publish it in the future at a proper time when it is safe).
- 2) I believe in what I wrote.
- 3) I am writing it so that the people of Iran realize my honesty, so that they trust me and they follow me and listen to me and believe me.
- 4) Definitely I will protect the real need, and interest of the people of the United States. Among them, I have lived in the past 22 years and I am intended to live for the rest of my life because I love them.
- 5) If one understands my letter, it is clear that even though we respect all so-called Holiness and men of God, but we should and we can, according to my theories, know the God himself well, communicate with God directly and bypass the Holiness and men of God.

Dear Mr. Turner: Some of the statements in my letters may be risky and some appear to be grandiose, but I assure you everything I say is real and honest. I appreciate if you try to keep some of the statements confidential, as you feel appropriate and protect them from being ridiculed.

My inspiration by God was real. I could see him too, then for the first time, I believed in him as he is and I understood him. Instead of making propaganda about it at that time, I kept it secret. I studied earnestly to use it for good. To develop a phenomena, a technique and a theory for peace based that experience. In December of 1986, I notified President Reagan from my plans (See enclosed copy). Then I traveled to Iran, I discussed with an Ayatollah about many issues. He became irate when I requested that Ayatollah Khomeini should use his influence to release all the hostages. Then I tried to visit Ayatollah Khomeini personally, but I failed (detail information may be given in a proper time). After I returned to the United States, I wrote a letter to Senator Daniel Patrick Moynihan, requesting an appointment. I intended to reveal my experience with God and my inspiration from him, making a mutually acceptable plan so that my experience could be used for the world peace. By March 12, 1987, my theory took its shape. I notified the President of the United States (see enclosed copy). Also, I notified Ayatollah Rouhallah Khomeini (copy is enclosed).

On March 23, 1987, I notified again the President of the United States of my discovery of the Laws of Nature, evolution, existence and gravitation. Also, I requested a 20 minute appointment. I had the intention to reveal my experience with God for him. Also I wrote more letters to some of our Senators and Congressmen asking them to use their influence to let me be heard by a trusted individuals for something important that I had to say.

My further efforts in this regard can be seen through the copies of my letters and correspondences which are enclosed. These activities have led me to where I am now. Everything is available and prepared to make a proper peace, health and happiness for the entire world as God desires.

I am aware of all these possibilities. We just need understanding and cooperation.

Sincerely yours,

Hormoz Mohtashemi, M.D.
