October 8, 1999

Mr. Tony Blair, Prime Minister of the United Kingdom  
10 Downing Street  
London, England

Dear Mr. Blair:

In view of the special respect and admiration that I have for you and for the noble people of the United Kingdom, I am pleased to send you some of my writings in regard to the new theories of life, existence, creation, evolution and gravitation, and also the divine inspiration that I had in the summer of 1986. Enclosures include copies of the letters that I have written ~~to~~ the Journal of Lancet on 8/23/99 and ABC, CNBC, MSNBC News. Enclosed also are copies of the summary of my theories that were published in the Journal of Ganjimeh during 1995 and 1996. I hope you will find them interesting and educational.

Our activities in these regards certainly will promote a proper communication among the humanitarian, national and religious leaders of the world, helping them to end the misunderstandings and conflicts that cause so much suffering.

Please feel free to contact me if further information is desired.

Sincerely yours,

Hormoz Mohtashemi, M.D.
