Dear Hillary,

Respectfully I submit Copies of some of my work in regard to my Theories (of Life, Love, Creation, evolution - - - - etc - - - -) Also those in regard to the Unique inspiration that I had from God in the year 1986. The inspiration I believe was part of God's plan for His/Her revelation in order to fulfill the order of His prophecies, also to begin a new Era for fulfillment of His promises in the beginning of the Third Millennium after His previous appearance - and resurrection (disappearance from the people of the earth).

The summary of my theories were published in the Journal of Ganjineh during the years of 1995-96 (See enclosed Copies) The basis of the theories speak to the evolution of many school of thought, such as philosophy, psychology, religions, Modern mythology and others. They also address their respective potential power for leading humanity to happiness, health and harmony in universal as well as personal levels.

Sincerely Yours

H.M.
