Dear Edyta

As I have promised, I respectfully submit copies of the summary of my theories that was published in the Journal of Ganjeleh during the year of 1995-1996. Other Correspondences in regard to the above matter as well as to the inspiration that I had from God in the year 1986 are enclosed too. These include the letters that I have written to Pope John Paul II, Mr Tony Blair and Honorable William Bradley. The letters are self explanatory. The inspiration that I had from God, I believe was part of God's plan for His/Her Revelation in order to fulfil the order of his prophecies also to begin a new era for fulfilment of his promises in the beginning of the new Millennium. Careful study and analysis of the words of Jesus written in the Bible as well as other divine documents and Traditions indicate that such an inspiration had been promised by God. (See John 3:16, 5, 17, 8. Matthew 24: 27, 16:27 - ... etc...) Based on the inspiration that I had from God I came to the conclusion that the modern, progressive religion that God present to his Creature in the beginning of the new Millennium is His/Her own religion. That is God's Religion or The Religion of God. It may not be called by any other name. The meaning of God's Religion is that, when we are knowledgeable enough to know what God is and have faith then we may live in a way that we believe is the right way of life for us. Also we should worship only God not other beings, other materials, other people, other houses and other places, however we may just respect them and perform the rituals if we desire to do so.

Enclosure

Sincerely,  
H. Mohtasemi
